Crafting Digital Excellence: Elevating User Experiences Through Precision in Web Development – Your Vision, My Code.

Education

Bachelor of Science in Computer Science and Informatics
Since February 2021
University of Johennesburg Corner Kingsway and University Road
Pursuing my computer science degree, I've immersed myself in the world of web development, obtaining certifications in HTML, JavaScript, and CSS through Free Code Camp. Currently in the final stages of my studies, I've seamlessly integrated theoretical knowledge with practical skills, establishing a strong foundation in web development, data structures and algorithms, object oriented design, as well as database management.

National Senior Certificate
From January 2015 to November 2019
Hoerskool F H Odendaal 200 Baviaanspoort Rd
Enthusiastically delving into computer science during high school, I excelled in Computer Applications Technology coursework. Simultaneously, I actively contributed to the rugby team and served on the student council's academics committee, honing valuable teamwork and leadership skills.

Skills

Programming Languages
- JavaScript
- C++
- Java
- Visual Basic .Net

Web Technologies
Solid understanding of HTML and CSS for building and styling responsive and user-friendly websites.

Web Development
Experience in creating basic websites, incorporating dynamic functionality through JavaScript.

Problem-Solving
Adept at troubleshooting and resolving issues in web development projects.

Languages

English
Fluent

Afrikaans
Proficient

Assets

Problem Solving
Strong analytical and problem-solving skills, crucial for debugging, optimizing code, and addressing technical challenges

Attention to Detail
Meticulous coding practices and thorough testing to ensure the quality of the final product

Creativity
Innovative thinking and creative problem-solving

Continuous Learning
A commitment to staying updated with the latest web development trends and technologies.

Interests

Gym
Competitive online gaming
Music enthusiast

Social networks

Work experience

Sales Representative
From June 2021 to August 2021
Verimark (PTY) LTD 2188, 74 Witkoppen Rd, Noordhang, Randburg, 2188

In my three-month role at Verimark, I cultivated essential skills in customer satisfaction and sales conversions. This experience profoundly influenced my approach to web development, emphasizing user-centric design and effective communication for enhanced user experience and successful conversions

Bartender
From November 2019 to January 2020
Mzansi Fela Festival South African State Theater

During my time at the Mzansi Fela Festival as a bartender, I cultivated skills in multitasking, effective communication, adaptability, and attention to detail. Engaging with a diverse clientele heightened my interpersonal abilities. These transferable skills complement my proficiency in web development, forming a well-rounded skill set for dynamic work environments

Computer skills

Microsoft Access
Skilled in database management, including designing and maintaining databases for efficient data storage and retrieval.

Microsoft Excel
Proficient in creating and managing spreadsheets, utilizing advanced functions, and conducting data analysis.
